WorldVue provides over-the-top television services including customized programming and streaming services to the iconic Delamar Southport and Delamar Greenwich Harbor.

OVERVIEW

Delamar Luxury hotels are located in “The Constitution State,” Connecticut. Delamar properties are fine boutique hotels surrounded by the ambiance of classic New England hospitality.

Entering Delamar’s properties, you will experience instant luxury with a welcome glass of bubbly upon arrival. Delamar covers its halls and guest rooms with beautiful art fitting the charming European flair.

DELAMAR SOUTHPORT

Delamar Southport beckons you into a world of luxury in beautiful Southport, Connecticut. Only an hour and a half from midtown Manhattan, you will find the intimate, polished service of a fine boutique hotel with rooms and suite that are spacious yet residential in style, with handcrafted furniture and luxurious amenities. The hotel offers an award-winning spa providing an oasis of relaxation and restoration for massage therapies, facials, and body treatments in addition to its fitness center. Delamar Southport also features their award-winning Artisan Restaurant, Tavern & Garden offering an exceptional culinary experience. The hotel’s location is within walking distance of the neighboring village and picturesque harbor. Partnerships include: the historic Pequot Library, Fairfield Theatre Company (FTC), the Glass House, Norwalk Art Space, The Maritime Aquarium at Norwalk, Camoro Boutique, Gretchen Scott, Gruel Britannia and BE Chocolat. There are also several local indoor activities such as galleries, museums, theatres, and shopping the 24-hour concierge can direct.

DELAMAR GREENWICH HARBOR

Delamar Greenwich Harbor features 82 deluxe guest rooms and suites is a stunning jewel for travelers with a taste for Old World elegance and bespoke services. The hotel is situated in Fairfield County, Connecticut's beautiful marina featuring a 500-foot private dock. The hotel offers an award-winning Spa providing an oasis of relaxation and restoration, offering massage therapies, facials and nail services in addition it its fitness center. And for an exceptional dining experience taste the seasonal Mediterranean cuisine of its l’escale restaurant bar. Partnerships include: the Bruce Museum, the Glass House, Peserico, and Gretchen Scott. This beautiful boutique hotel was Travelers’ Choice 2022 for its prime location, elegant European-style furnishings, and contemporary communications technologies.

TECHNOLOGY SOLUTIONS

WorldVue partners with Delamar Southport and Delamar Greenwich Harbor to bring timeless luxury to today's travelers. These elegant properties combine timeless architecture and updated design with modern-day amenities and guest-room entertainment.

Advanced technology solutions include SMARTBOX 2, an OTT programming by DISH Business and WorldVue. SMARTBOX delivers up to 192 HD channels with 4K HD content. This program works with your existing network so there is no need for costly rewires and can power high-quality entertainment with or without a set-top-box. DISH Business and WorldVue's solution offers customizable guides and private networks with seamless OTA integration.

"The power of SMARTBOX 2 goes beyond its channel count and content quality. With SMARTBOX 2, Delamar Properties is outfitted with one of the most powerful and efficient hotel entertainment solutions on the market. As guest expectations continue to evolve, the DISH Business and WorldVue solution is one that is built to adapt and delight Delamar's guests. The simplicity of installation and ease of management is just an added bonus," said Kris Singleton, SVP of Dish Commercial Business.

WorldVue HUB™ is a fully customizable in-room entertainment program to meet and exceed Delamar's guests' desires. It is tailor-made for you and has recently introduced the WorldVue HUB™ Mobile Web Remote so guests can scan and connect for a touchless solution! WorldVue HUB™ can use many different paths to the room (Ethernet, Wi-Fi, Cable Model) so upgrading an in-room experience is seamless for guests and management. It opens the door to the world of streaming video applications, integrating with PMS and room controls, and is the hotel room's managed gateway to digital transformation.

Delamar also uses WorldVue's Chromecast solutions aka stand-alone casting, where guests can cast content directly to your guest room televisions. All that is required is televisions with HDMI ports, the Chromecast Dongle, and a proxy server! No set-top-box is needed, the Chromecast Dongle can be purchased and installed by WorldVue.

"WorldVue is delighted to provide services to these two stunning properties. We strive to deliver highly-reliable technology to meet the needs of the guest staying on property. We look forward to continuing to serve the Delamar properties," said EVP and Chief Sales Officer, David Goldstone.
